Organisational changes in the Executive Board and Portfolio Management at AMG Fondsverwaltung AG

Birgit Heim has decided to leave AMG Fondsverwaltung AG ("AMG Funds"), which we very much regret. The Board of Directors sincerely thanks Birgit Heim for her valuable commitment over the past seven years and wishes her continued success in her future professional activities.

Patrick Hofer will take over as the main portfolio manager for the ALPORA Innovation Europe Fund and the Innovation World Large Caps by AMG Fund with immediate effect. With him, the portfolio management for the two innovation funds continues to be in very competent hands. He has been jointly responsible for the management of both funds since their launch. Patrick Hofer has been a reliable member of the AMG Fondsverwaltung AG team since 2007.

Christian Bader will be the responsible portfolio manager of the AMG Europe Fund. He has been with us as an analyst for European Equities since the beginning of 2021. Patrick Hofer will continue to support him in this function. In his previous activities, Christian Bader also focused on the European Equity markets as an analyst at Deutsche Bank AG and at Austrian financial institutions.

Fritz Eggimann, Partner and Co-Portfolio Manager of the AMG Gold - Mines & Metals Fund, rejoins the Executive Board. We are grateful to be able to benefit from his great experience. Marcel Weiss continues to act as CEO of AMG Fondsverwaltung AG.

With the new responsibilities, consistency in the portfolio management of the aforementioned investment funds as well as in the Executive Board is very well guaranteed after the resignation of Birgit Heim.
